Cross-Country Ski Tour

Sunday February 5, 11 am
Meet at Frederick St Mall

Come on out for a tour led by two of our members. They've volunteered to show us one of their favourite ski routes in the area. Dogs are welcome if they don't mind being run over by hapless skiers (if your dog is prone to ice-balls on her feet, try rubbing the pads with vaseline). We'll find a place to eat afterwards — who says spontaneity is lost?

Winter Camping

Saturday and Sunday, February 11, 12

Spend a day participating in winter activities and building snow-shelters. Then spend the night staying warm together in the WOODS. Give Kim a call for more details (578-██████).

Dining Out Again

Wednesday, February 11, 7 pm
Almandina Restaurant
265 King St East, Kitchener

Give some Egyptian food a try. Trust me, this is a great place to eat! The Baklava on the dessert menu should convince a few.

Outdoor Skating

Saturday February 18
Meet at Frederick St Mall at 1 pm

The Mennonite "Rideau" in St. Jacob's is an idyllic place to skate if the ice is cleared (bring shovels just in case!). Meet at the Frederick Street Mall at 1 pm. We can go back to the Stone Crock afterwards to warm up by the fire with some hot apple cider.

Ski Weekend at a Chalet (Downhill and Cross-Country)

February 24, 25, 26
Horseshoe Valley near Barrie

We're renting a fully equipped private chalet with fireplace, only a few minutes from the hills and trails. Fits ten people comfortably. Approximate cost is \$60 per person for two nights accommodation. Call Lisa (579-██████) by January 15 if you're interested.

For Your Information

WOODS Update

For all you womyn who are thinking of participating in a WOODS event, but would like to know a little more about the group:

WOODS held its first event in September 1988, a hike in St. Jacob's, then dessert at the Stone Crock. At that first event we had twelve womyn turn out. The enthusiasm of the group was wonderful, and almost

overwhelming. By the end of the day, we had ten members and enough ideas for future events to take us into the next century.

Since then we've had more hikes and a games night (where Twister was quite a hit); we've eaten at numerous restaurants, gone to movies, roller-skated, ice skated and had a Christmas dinner party. The membership has jumped to over 30, and

we've never had less than 12 womyn at an event. Age ranges from approximately 20 to 60 years of age, with the average age around 30.

We try to make a special effort to make new womyn feel welcome, so if you're thinking about it, give one of us a call, or just come out to the next event. We look forward to meeting you.

How to reach us
